PROFILE

❖ **Highly skilled Full Stack Developer** with over 2.5 years of experience in designing, developing, and maintaining web applications using Reactjs, Nextjs, Express and Nodejs . Proven expertise in building robust and scalable applications with a strong focus on front-end and back-end development.

EXPERIENCE

❖ **Nijomee Technologies Pvt. Ltd. | Backend Developer**   15/02/2023 - Present

Description:- During the past year, I led the adoption and implementation of NestJS as a Backend Developer, leveraging its modular architecture to optimize server-side applications. I oversaw PostgreSQL databases, making sure that data was accurate and using Docker to facilitate easy deployment and scalability. Database interactions were improved by integrating Prisma ORM. Working with cross-functional teams, I helped with continuous improvement and code reviews. My technical abilities have improved as a result of this experience, and I've been able to contribute significantly to the creation and implementation of vital backend services.

❖ **ProjectNinza | Frontend Developer**   15/06/2022 - 15/11/2022

Description:- During my six months as a front-end developer.I utilize Tailwind CSS for responsive design, React and Redux for dynamic components, and Next.js for speed optimization. Use of React Hook Form allowed for the creation of efficient forms that enhanced user experience.

❖ **Dzone India | Full Stack Mern Developer**   01/03/2022 - 01/11/2022

Description:- As a Full Stack MERN Developer on a three-month travel project, I develop responsive React interfaces, integrate Express.js for the backend, and utilize Git for version control management.

PROJECTS

❖ **Chat Application | Project-Link**

Project-Description:- Full-stack web messaging platform offering real-time, secure communication for individuals and groups, with authentication and authorization using JWT. Built with Next.js, NestJS, Prisma, Postgres and Socket.IO, it provides a responsive, user-friendly interface.

EDUCATION

❖ **XII**(CBSE) SD SR SEC School
❖ **X**(CBSE) | SD SR SEC School

TECHNICAL SKILLS

❖ **Programming Language**:- JavaScript, Typescript, Java
❖ **Frameworks**:- Reactjs, Nextjs, Express, Nodejs, Nestjs
❖ **Backend / Database**:- Prisma, Mongoose, Mongodb, MySql, Postgresql

CERTIFICATION

❖ Udemy Web Development
